SHOEMAKER
RIGGING & TRANSPORT
WE RIG IT. MOVE IT. SET IT.

Shoemaker Rigging is pleased to provide pricing for the following work:

Work Scope: Relocate assorted plant machines, workstations and materials to new location at 135 East Ascot Lane, Cuyahoga Falls.

- **Shoemaker Rigging would provide the equipment, labor and transportation for the above referenced project;**
- **Shoemaker Rigging wouldunmount jib cranes and remount at new location;**
- **Shoemaker Rigging would move assorted workstations to new location;**
- **Shoemaker Rigging would move racking and materials and reassemble racking and reset all materials at new location;**
- **Shoemaker Rigging has not included any utility disconnect or installation.**

This project is based upon the scope of work listed above. Any work beyond this scope must be approved, in writing, and signed by the owner or their designated representative. Clear access for cranes, equipment, and labor to all working areas is required. Removal of any obstruction is the responsibility of the owner. It is assumed that all aprons, driveways, hard-surfaced areas and plant floors are adequate for the necessary loads - static or moving - for all machinery and equipment used on this project. Delays due to non-Shoemaker Rigging arranged transportation could incur additional charges.

Weekday price..... $12,695.00

Weekend price..... $15,395.00

Terms: Net 30 days. Proposal good for 60 days.

Thank you for the opportunity to work with your company, we appreciate the opportunity.

Regards,

Tim DeMuesy
